Douglas:

I attached the following:

1. BA Assessment - I added the language that you mentioned last week. See highlighted language.
2. ESA Consultation Letter - I added your suggestions.

Be advise that we still need to add Terry's suggestions on this assessment. Please review Terry's suggestions and Lucita's response and let me know how to proceed.

In the mean time, I will be working on Class II Mann Oil Tech Review (Craig's Permit).
